### Application

Our steel bullhorn bracket is designed to mate to standard tenon mounts on wood, steel, and concrete poles. Great for slip fitter equipped shoebox lights, parking lot lights, flood lights or other outdoor lighting fixtures.

**EASY INSTALL** – Easy to replace old units or for new installations with all 2-3/8" post top tenon mounts. All screw mounting accessories are included.

### Features

- Rugged steel construction
- Bronze powder-coat finish for durability
- Available in dual, triple, or quad models
- 180 Degrees

### Warranty

10 years against manufacturing defects.
